Monday - 22 November 1971

25X1 1. (Secret - GLC) During a visit to the Senate Armed Services Committee hearing room with Mr. Newton so that he could check the room for tomorrow's briefing, Mr. John Goldsmith, of the Committee staff, asked for any information we could give him on Pakistan. After checking on this with Mr. [] I told Goldsmith that our information indicated there were border clashes west of Jessore on the west side of East Pakistan (not an invasion as indicated in press bulletins) and some activity in the northeast part of West Pakistan. I told him the significant part of this was that the reports indicated the units were of division strength rather than the smaller units mentioned in earlier reports. I also said that there were approximately two divisions involved and not 21 as indicated in the press.

STATOTHR 2. (Unclassified - RW) Miss Barbara Raver, Administrative Assistant to Representative George A. Goodling (R., Pa.), called to request an application form and information brochures for a constituent. These were sent to her. STATOTHR STATOTHR

STATOTHR 3. (Internal Use Only - JGO) Met with Messrs. Don Shasteen, Executive Assistant, and Alan McArthur, Assistant to Senator Carl Curtis (R., Neb.), and received from them a copy of a letter from the [] Nebraska concerning a [] aka [] [] who is believed to be an employee of the Central Intelligence Agency. STATOTHR After checking with Mr. [] OS, I called Mr. Shasteen and told him that one of our people talked to Mrs. [] the wife, last Friday in response to a letter from her to the DCI and told her that Mr. [] was not employed by this Agency. Mr. Shasteen thanked me for the advice and told me he would continue his checks with DIA and the Defense Department. STATOTHR

STATOTHR 25X1 4. (Confidential - JGO) Met with Mr. John Reddan, Counsel, Special Investigating Subcommittee, House Armed Services Committee, and gave him the name of Dr. Thomas P. Quinn, Naval Research Laboratory, OX2-4204, as a point of contact within the Department of Navy concerning electronic gear he had inquired about. Mr. Reddan was most appreciative. See Journal of 17 November 1971.
